

THE WAVE-THEORY OF MAGNETISM VERIFIED BY THE ELECTRODYNAMIC ACTION OF CURRENTS IN SOLENOIDS, WHICH WAS AMPÈRE'S METHOD OF MAKING ARTIFICIAL MAGNETS, 1820. IN VIEW OF THESE SEVERAL PROOFS THE WAVE-THEORY OF MAGNETISM IS ESTABLISHED FOREVER. T.J.J. SEE, WAVE-THEORY, APRIL 24, 1934.

7. Illustrating Ampère's Method for making Artificial Magnets by the Mutual Wave-actions of Currents, 1820. The outside Waves here shown are emanating from the Artificial Magnet in the centre of each Coil
